

MANAGING CHANGE

WHOLE STAFF TRAINING

Reducing anxiety, developing resilience and increasing motivation for staff both individually and collectively as a school

September 2020 will see staff, more than ever, bringing anxieties from home to the workplace. Unaddressed and unmanaged, these fears & issues may contribute to reduced engagement, performance and impair the mental wellbeing of staff.

Two hour training includes, amongst other topics...

Understanding change

Awareness of the change cycle & individual differences to inform & reassure staff

Redefining purpose

Creating a collective agreement on a new purpose in challenging times to unite staff

Practical strategies

Developing skills for motivation and sharing a commitment to excellence

Training can be tailored to suit the needs of your school. Please get in touch to find out more.
